PROFESSIONAL SUMMARY

12th-grade Computer and Network Engineering (TKJ) student with a strong interest in Networking, Linux, DevOps, and System Administration. Experienced in basic network troubleshooting, LAN cable replacement, and assisting with internet connectivity issues on PCs. Certified in Networking, Linux System Administration, DevOps, and AWS. Motivated to strengthen practical technical skills through hands-on projects, organizational activities, and PKL opportunities while continuing to learn and develop in the IT field.

EDUCATION

SMKN 1 CIBINONG Jul 2024 - Present

Technical Computer Networking and Telecomunication

EXPERIENCE

TroubleShooting Jaringan TKA November 2025

Junior Network Engineer

- Replaced and installed damaged LAN infrastructure using UTP Cat5e cables.
- Tested and verified LAN connectivity to ensure stable network communication.
- Performed network connectivity testing using ping to identify and troubleshoot communication issues between computers and network devices.

TECHNICAL SKILL

- Networking (Mikrotik, Cisco Networking, Switching, Routing, Vlan, DHCP, Cabling)
- Network Security (Port Security, SSH, Unused Port Security)
- System and DevOps (Linux, VirtualBox, VMware)
- Version Control (Git, Github)
- Web Deployment (Vercel)
- Web Development (Basic HTML)

SOFT SKILL

- Promblem Solving
- Team Work
- Communication
- Adaptability
- Discipline
- Willingness to Learn

CERTIFICATION

- Networking Basics by Cisco Academy
- Mikrotik Basics by ID-Networkers
- Cisco Basics by ID-Networkers
- Operating Systems Basics By Cisco Academy
- Linux Systems Administrator by Dicoding Indonesia
- DevOps Basics by Dicoding Indonesia
- Deploying Serverless Application by AWS
- AI Basics by Dicoding Indonesia

ACHIEVEMENTS

- Participant - LKS Tingkat Kab.Bogor 2026 May 2026
- 2nd Place - NEVCOMP 2.0 January 2026

PROJECT

- Simple Computer and Network Installation September 2026

Performed basic computer and network installation, including LAN cable crimping, OS installation and disk partitioning, user account setup, and MikroTik configuration via Winbox (IP, DHCP, Hotspot, Firewall, and Bandwidth Management). Tested Wi-Fi connectivity and network performance using Speedtest.

- Cisco Network and Security Implementation August 2026

Implemented Cisco networking with VLAN, DHCP, routing, OSPF/static routing, SSH, and Port Security. Performed LAN installation and troubleshooting.

- Personal Portfolio Website Mei 2026

Developed and deployed a personal portfolio website using HTML, CSS, and JavaScript, with **Git/GitHub** for version control and Vercel for deployment.

- Nevtik TKJ Learning Website December 2025

developer and deploy an attendance and LMS website using HTML, CSS, JavaScript, managed with Git/GitHub and deployed using Vercel.

ORGANIZATION EXPERIENCE

IT Network System Administrator Trainer - NEVTIK May 2025 – Present

| ITNSA Devision | Internal Training Program |

- Deliveredtraining on basic computer networking and related fundamentals.
- Presented technical materials to members through structured internal training sessions.
- Developedpublic speaking, communication, and presentation skills.

LANGUAGE

- Inggris (Intermendiate)
